

Models Affected:
Linea -ALL UL/NSF

TECHNICAL REFERENCE 011001/20

LINEA(USA) TECHNICAL BULLETIN

January 10, 2001

The existing plumbing code label that is affixed to the inside of the base on all UL/NSF La Marzocco Linea Espresso Machines has been changed. The new label, shown below, will be placed on all new UL/NSF machines starting with serial number B02945. Any Lamarzocco Machines that require a plumbing code label must use the New Labels as shown below.

NEW LABEL

"The equipment is to be installed to comply with the applicable federal, state, or local plumbing codes."

OLD LABEL

"The equipment is to be installed to comply with the Basic Plumbing Code Of the Building Officials Code Administrators International, Inc., (BOCA) and the Food Service Sanation manual of the Food and Drug Administration (FDA)."
